

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maciej Redlinski
DOCKET NO.: 23-38811.001-R-1
PARCEL NO.: 13-08-206-020-0000

The parties of record before the Property Tax Appeal Board are Maciej Redlinski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,188
IMPR.: \$30,169
TOTAL: \$38,357

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,310 square feet of gross building area. The building is approximately 63 years old. Features of the building include a basement with finished recreation room and a 2-car garage. The property has an approximately 4,092 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 2,310 to 2,496 square feet of building area. The buildings are from 65 to 95 years old.

Each comparable has a basement, with one having a finished recreation room. Each building has a 2-car garage and one home has a fireplace. The comparables have improvement assessments ranging from \$27,050 to \$31,674 or from \$11.71 to \$12.69 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$28,136 or \$12.18 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,357. The subject property has an improvement assessment of \$30,169 or \$13.06 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 buildings of masonry exterior construction ranging in size from 2,364 to 2,732 square feet of building area that are from 28 to 84 years old. Each comparable has a basement, two of which are finished with either an apartment or recreation room. One building has central air conditioning and three properties have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$33,332 to \$48,000 or from \$14.10 to \$18.03 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #3 along with board of review comparables #2, #3 and #4 which are less similar to the subject in age than other properties in the record. The Board finds the best evidence of assessment equity to be appellant comparable #4 and board of review comparable #1 which are more similar to the subject in location, age, classification, building size and some features. Although, these two properties have unfinished basement area in contrast to the subject's finished basement, suggesting upward adjustments are needed to make these comparables more equivalent to the subject. These two comparables have improvement assessments of \$31,674 and \$33,332 or \$12.69 and \$14.10 per square foot of building area. The subject's improvement assessment of \$30,169 or \$13.06 per square foot of building area falls below the two best comparables in this record on an improvement assessment basis and is bracketed by the two best comparables on a per square foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
