

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fairmont Property Management, Inc.
DOCKET NO.: 23-38903.001-R-1
PARCEL NO.: 13-13-311-034-0000

The parties of record before the Property Tax Appeal Board are Fairmont Property Management, Inc., the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,499
IMPR.: \$118,102
TOTAL: \$149,601

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story apartment building of masonry exterior construction with 5,070 square feet of gross building area.¹ The building is 118 years old and features a full basement. The property has a 6,300 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and within .3 of a mile of the

¹ The board of review reported that the property contains two improvements, each containing 5,070 square feet of gross building area and each having an improvement assessment of \$59,051 or \$11.65 per square foot of gross building area.

subject. The comparables consist of class 2-11 buildings of masonry exterior construction ranging in size from 4,870 to 6,084 square feet of gross building area. The buildings range in age from 98 to 100 years old. Each building has a full basement and a 1-car, 2-car, or 2.5-car garage. The comparables have improvement assessments ranging from \$51,427 to \$69,479 or from \$10.21 to \$11.48 per square foot of gross building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$55,364 or \$10.92 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the board of review final decision disclosing the total assessment for the subject of \$149,601. The subject property has an improvement assessment of \$118,101 or \$11.65 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the same block as the subject. The comparables consist of 2-story class 2-11 buildings of frame or masonry exterior construction ranging in size from 2,160 to 2,676 square feet of gross building area. The buildings are 110 to 123 years old. Each building has a full basement and a 2-car garage. The comparables have improvement assessments ranging from \$27,821 to \$34,635 or from \$12.88 to \$13.50 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are similar to the subject in age, location, and features, but each comparable differs from the subject in building size. Nevertheless, the Board finds the comparables have improvement assessments that range from \$27,821 to \$69,479 or from \$10.21 to \$13.50 per square foot of gross building area. The subject's improvement assessment of \$118,101 or \$11.65 per square foot of gross building area is above the range established by the best comparables in this record overall, but within the range on a per-square-foot basis. The Board finds the subject's higher overall assessment logical given the subject's two improvements. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
