

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jonathan Wyatt
DOCKET NO.: 23-39072.001-R-1
PARCEL NO.: 20-11-217-041-0000

The parties of record before the Property Tax Appeal Board are Jonathan Wyatt, the appellant, by attorney Dora Cornelio of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,485
IMPR.: \$64,515
TOTAL: \$78,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,308 square feet of living area. The dwelling is approximately 22 year old. Features of the property include a full basement,¹ central air conditioning and a two-car garage. The property has a 2,697 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same

assessment neighborhood code as the subject. The comparables are class 2-78 properties improved with two-story or three-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,084 to 2,384 square feet of living area. The dwellings range in age from 24 to 54 years old. The comparables each have a full basement, four of which have finished area. Each comparable has central air conditioning, a fireplace and a one-car or a two-car garage. The comparables have improvement assessments that range from \$39,300 to \$44,000 or from \$17.00 to \$20.98 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$41,636 or \$18.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,000. The subject property has an improvement assessment of \$64,515 or \$27.95 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block and along the same street as the subject property. The comparables are class 2-78 properties improved with two-story dwellings of masonry exterior construction, each containing 2,308 square feet of living area. The dwellings are each 22 years old. The comparables each have a full basement, central air conditioning and a two-car garage. The comparables have improvement assessments that range from \$64,575 to \$66,890 or from \$27.98 to \$28.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to differences from the subject in age or story height, when compared to the subject. Additionally, the appellant's comparables #2, #3 and #4 are less similar to the subject in dwelling size than other comparables in the record.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are overall most similar to the subject in location and identical to the subject in dwelling size, story height, age and most features. The comparables have improvement assessments that range from \$64,575 to \$66,890 or from \$27.98 to \$28.98 per square foot of living area. The subject's improvement assessment of \$64,515 or \$27.95 per square foot of living area falls slightly below the range established by the best comparables in the

record both in terms of overall improvement assessment and on a per square foot of living area basis.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
