

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pat Harris
DOCKET NO.: 23-39192.001-R-1
PARCEL NO.: 28-17-415-004-0000

The parties of record before the Property Tax Appeal Board are Pat Harris, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,692
IMPR.: \$56,307
TOTAL: \$57,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 6,106 square feet of gross building area. The building is approximately 46 years old. Features include a slab foundation and 6 full bathrooms. The property has a 2,943 square foot site and is located in Oak Forest, Bremen Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted eight equity comparables located within the subject's assessment neighborhood and within 0.13 of mile from the subject property. The comparables are improved with three-story or higher, class 2-11 multi-family buildings of masonry exterior construction with each having 6,106 gross building area. The buildings range

in age from 42 to 47 years old. Each comparable has a slab foundation and 6 full bathrooms. The comparables have improvement assessments ranging from \$49,275 to \$55,372 or from \$8.07 to \$9.07 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,999. The subject property has an improvement assessment of \$56,307 or \$9.22 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and on the same block, with one of these along the same street as the subject property. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction with each having 6,106 square feet of gross building area. The buildings are either 44 or 46 years old. Each comparable has a slab foundation and 6 full bathrooms. Each comparable has an improvement assessment of \$56,307 or \$9.22 per square foot of gross building area. The board of review asserted the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 12 suggested equity comparables for the Board's consideration. The Board finds each of the parties' comparables to be identical or nearly identical to the subject in location, design/class, age, dwelling size, and other features. The comparables have improvement assessments ranging from \$49,275 to \$56,307 or from \$8.07 to \$9.22 per square foot of gross building area. The subject's improvement assessment of \$56,307 or \$9.22 per square foot of gross building area which equals the assessments of the four board of review comparables. Based on this record, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
