

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Oscar Campos
DOCKET NO.: 23-39268.001-R-1
PARCEL NO.: 17-32-110-047-0000

The parties of record before the Property Tax Appeal Board are Oscar Campos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,904
IMPR.: \$22,000
TOTAL: \$33,904

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of frame and masonry exterior construction with 3,186 square feet of building area. The building is approximately 133 years old. Features of the building include a concrete slab foundation, four full bathrooms and a 2-car garage. The property has an approximately 2,976 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject and within 0.30 to 0.60 of a mile from the subject property. The comparables are improved with class 2-11 multi-family buildings of frame and masonry exterior construction ranging in size from 2,920 to 3,454

square feet of building area. The buildings range in age from 133 to 150 years old. Two comparables have a basement and two buildings have a concrete slab foundation. Each property has from two to four full bathrooms and a 2-car garage. The comparables have improvement assessments ranging from \$20,400 to \$23,724 or from \$6.62 to \$6.99 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$21,792 or \$6.84 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,000. The subject property has an improvement assessment of \$24,096 or \$7.56 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject, three of which are also located on the same block as the subject property. The comparables are improved with 2-story class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 1,748 to 3,108 square feet of building area. The buildings range in age from 108 to 133 years old. One comparable has a concrete slab foundation and three comparables have a basement, one of which is finished with an apartment. Each building has three or four full bathrooms and three properties each have a 2-car garage. The comparables have improvement assessments ranging from \$16,096 to \$32,096 or from \$9.21 to \$11.24 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #4 along with board of review comparables #1, #2 and #3 which are less similar to the subject in age, building size and/or lack a garage amenity, in contrast to the subject.

The Board finds the best evidence of assessment equity to be appellant comparables #1, #2 and #3 and board of review comparable #4 which are more similar to the subject in location, age, building size and garage amenity. However, these best comparables present varying degrees of similarity to the subject in bathroom count and foundation type, suggesting adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$20,400 to \$30,096 or from \$6.62 to \$9.68 per square foot of building area. The subject's improvement assessment of \$24,096 or \$7.56 per square foot of building area falls within the range established by the best comparables in this record. However, after considering adjustments to the best comparables for differences from the subject,

the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
