

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rick & Jill Loffredo  
DOCKET NO.: 23-39537.001-R-1  
PARCEL NO.: 28-18-312-006-0000

The parties of record before the Property Tax Appeal Board are Rick & Jill Loffredo, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,133  
**IMPR.:** \$27,805  
**TOTAL:** \$32,938

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 2,078 square feet of living area.<sup>1</sup> The dwelling is approximately 26 years old. Features include a partial basement, central air conditioning, 2 fireplaces, and a 2-car garage. The property has an 8,928 square foot site and is located in Oak Forest, Bremen Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on seven equity comparables located within the subject's assessment neighborhood. The comparables are

improved with 1-story, class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,899 to 2,260 square feet of living area. The homes range in age from 26 to 57 years old. Each comparable has a full or partial basement, 1 or 2 fireplaces, and a 2-car or a 3-car garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$17,209 to \$28,169 or from \$7.96 to \$12.74 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" for a different property than the subject property under appeal. The appellants submitted the board of review final decision disclosing the total assessment for the subject of \$32,938. The subject property has an improvement assessment of \$27,805 or \$13.38 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-04 dwellings of frame and masonry exterior construction ranging in size from 1,893 to 2,078 square feet of living area. The homes range in age from 23 to 29 years old. Each comparable has a partial basement, one of which has finished area, central air conditioning, 1 fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$27,118 to \$29,866 or from \$13.05 to \$14.72 per square foot of living area.

### **Conclusion of Law**

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 11 suggested comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #2, #3, #6, and #7 which are less similar to the subject in age than other comparables in this record and/or lack central air conditioning, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #4, and #5, as well as the board of review comparables, which are overall more similar to the in location, design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$25,523 to \$29,866 or from \$11.74 to \$14.72 per square foot of living area. The subject's improvement assessment of \$27,805 or \$13.38 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
