

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eva Dusza
DOCKET NO.: 23-39542.001-R-1
PARCEL NO.: 28-18-306-009-0000

The parties of record before the Property Tax Appeal Board are Eva Dusza, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,030
IMPR.: \$23,970
TOTAL: \$30,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,730 square feet of living area. The dwelling is approximately 47 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 20,100 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven equity comparables located in the subject's assessment neighborhood and within 0.38 of a mile from the subject property. The comparables are improved with 1-story, class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,282 to 1,728 square feet of living area. The dwellings range in age from 54 to 66 years old. Four comparables each have a

full or partial basement and three comparables each have a slab or crawl space foundation. Four comparables each have central air conditioning. Six comparables each have a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$11,000 to \$22,970 or ranging from \$8.04 to \$13.96 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$21,158 or \$12.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,000. The subject property has an improvement assessment of \$25,970 or \$15.01 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,201 to 1,364 square feet of living area. The dwellings range in age from 53 to 66 years old. Each comparable has a full basement, three of which have finished area, and a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$20,970 to \$22,970 or from \$15.37 to \$17.46 per square foot of living area. The board of review asserts the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted 11 suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #4, #6, and #7, as well as the board of review comparables, due to differences when compared to the subject in age, dwelling size, foundation type, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and #5 which are overall more similar to the subject in location, design/class, age, and dwelling size with varying degree of similarity in other features. The two best comparables have improvement assessments of \$19,390 and \$22,970 or \$12.79 and \$13.29 per square foot of living area. The subject property's improvement assessment of \$25,970 or \$15.01 per square foot of living falls above the two best comparables in this record and appears to be excessive. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
