

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Grote
DOCKET NO.: 23-39565.001-R-1
PARCEL NO.: 03-17-113-012-0000

The parties of record before the Property Tax Appeal Board are Michael Grote, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,625
IMPR.: \$37,612
TOTAL: \$47,237

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,660 square feet of living area. The dwelling is 2 years old. Features of the home include a full basement, central air conditioning, a fireplace and a 2-car garage. The property has an 8,750 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 0.90 of a mile to 1.3 miles from the subject. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,524 to 2,712 square feet of living area. The

dwelling are 34 to 52 years old. Each comparable has a full basement, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$33,141 to \$35,961 or \$12.90 to \$13.26 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,237. The subject property has an improvement assessment of \$37,612 or \$14.14 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject. Two comparables are located along the same street as the subject. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,678 to 3,118 square feet of living area. The dwellings are 50 or 51 years old. Each comparable has a partial basement, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$41,375 to \$43,995 or from \$14.11 to \$16.03 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are approximately a mile or more away from the subject and/or the newer ages of two comparables when compared to the subject. The Board also gives less weight to the board of review's comparable #1 due to its significantly larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are located in the same assessment neighborhood, block and/or street to the subject. These comparables are also relatively similar to the subject design, age, dwelling size and most features. These four comparables have improvement assessments ranging from \$41,375 to \$43,375 or from \$15.32 to \$16.03 per square foot of living area. The subject's improvement assessment of \$37,612 or \$14.14 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
