

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank LoPresti
DOCKET NO.: 23-39597.001-R-1
PARCEL NO.: 03-26-207-041-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Frank LoPresti, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$7,743
IMPR.: \$44,256
TOTAL: \$51,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

A 2,897 square feet, two-story building of frame-and-masonry construction on a 9,679 square feet parcel in Prospect Heights, Wheeling Township, Cook County comprises the subject property. The 40-year-old, class 2-78 residence per the Cook County Real Property Assessment Classification Ordinance contained 2.5 bathrooms, air conditioning, an attached two-car garage, and a full basement.

The appellant pleads assessment inequity and requests the assessment be reduced to \$14.04 per improvement square foot instead. To demonstrate nonuniform assessment, the appellant placed into evidence four class 2-78 properties within .2 miles of the subject as comparators for assessment equity. These suggested comparables included 2.5 bathrooms, a full basement, and a two-car garage. These improvements were between 35 and 37 years in building age; 2,628 and

2,897 square feet in improvement area; and \$12.33 and \$14.67 per square foot in improvement assessment.

The board of review countered that the subject improvement assessment of \$44,256, or \$15.28 per living square foot, was equitable in its “Notes on Appeal.” In defense of the \$51,999 total subject assessment, the county board of review put forth three two-story improvements within a quarter mile of the subject. The county board of review’s preferred comparators included 2.5 to 3.5 bathrooms, a full basement, and a two- to 3.5-car garage. These nearby properties were 34 or 36 years in building age; 2,416 to 2,897 square feet in improvement area; and \$15.40 to \$18.06 per living square foot in improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When the ground for appeal is unequal treatment in the assessment, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment should consist of assessment documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant fell short of satisfying this burden of proof.

In this record, board of review comparable #3 and appellant comparables #1 and #3 most resembled the subject property and therefore constitute the best evidence of assessment equity. Board of review comparable #3 and appellant comparable #4 both precisely matched the subject in terms of living area, bathroom count, basement type, and other amenities. Appellant comparable #3 also identically matched the subject improvement in material respects except in living square footage, of which the comparator lacked only four square feet relative to the subject. Given these comparators, the subject improvement would be equitably assessed from \$12.33 to \$15.40 per living square foot. Because the subject’s \$15.28 per improvement square foot assessment is within range of the comparators’ assessments, PTAB finds the appellant did not provide sufficiently clear and convincing evidence that the subject assessment was inequitable or that a reduction thereof is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
