

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan Mellovitz
DOCKET NO.: 23-39843.001-R-1
PARCEL NO.: 14-31-215-049-0000

The parties of record before the Property Tax Appeal Board are Alan Mellovitz, the appellant, by attorney Timothy C. Jacobs, of Kovitz Shifrin Nesbit in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a **Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,625
IMPR.: \$76,000
TOTAL: \$91,625

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,444 square feet of living area. The dwelling is approximately 23 years old. Features of the home include a full basement with finished area, central air conditioning, 3½ bathrooms and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code and on subject's street. The comparables are composed of class 2-78 two-story dwellings of masonry exterior construction, ranging in size from 2,159 to 2,610 square feet of living area. The homes are

approximately 16 to 27 years old. Each property has a partial or full basement with finished area, 2½ or 3½ bathrooms, central air conditioning, and a 2-car garage. Two dwellings each feature one or two fireplaces. The comparables have improvement assessments that range from \$64,986 to \$82,633 or from \$30.10 to \$31.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$74,481 or \$30.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,497. The subject property has an improvement assessment of \$80,872 or \$33.09 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code and within ¼ of a mile from subject. The comparables are composed of class 2-78 two-story dwellings of masonry exterior construction ranging in size from 2,660 to 3,754 square feet of living area. The homes are 17 years old. Each property has a full basement, three with finished area, 2 ½, 3 ½ or 4 ½ bathrooms, central air conditioning and one or two fireplaces. Three dwellings each have a 2-car garage. The comparables have improvement assessments that range from \$95,000 to \$132,854 or \$35.39 to \$36.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to the board of review's comparables because they lack a garage, or finished basement area, amenities present in the subject property, or they differ significantly from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are more similar to the subject in location, dwelling size, age, garage amenity, basement amenity and other features. The comparables have improvement assessments that range from \$64,986 to \$82,633 or from \$30.10 to \$31.66 per square foot of living area. The subject's improvement assessment of \$80,872 or \$33.09 per square foot of living area falls above the range established by the best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
