

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dilnaz Waraich  
DOCKET NO.: 23-40395.001-R-1 through 23-40395.003-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Dilnaz Waraich, the appellant, by attorney Douglas LaSota, of O'Keefe, Lyons & Hynes, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

| DOCKET NO        | PARCEL NUMBER      | LAND  | IMPRVMT | TOTAL     |
|------------------|--------------------|-------|---------|-----------|
| 23-40395.001-R-1 | 17-22-110-135-1286 | 6,701 | 107,097 | \$113,798 |
| 23-40395.002-R-1 | 17-22-110-135-1640 | 123   | 1,978   | \$2,101   |
| 23-40395.003-R-1 | 17-22-110-135-1642 | 123   | 1,978   | \$2,101   |

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a residential condominium unit located within a building that is approximately 15 years old. Features of the subject include two garage parking spaces. The subject has a combined 0.6796% interest in the common elements of the condominium. The property has a 53,824 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on February 9, 2021 for a price of \$1,180,000. The appellant completed Section IV of the appeal petition disclosing the parties to the sale were not related, the property sold using a realtor and was advertised for sale

through the Multiple Listing Service for 176 days (8/17/20 to 2/9/21), and the sale was not due to foreclosure or by contract for deed. In support of the sale, the appellant submitted copies of a settlement statement indicating payment of realtors' commissions, a Purchase and Sale Contract, a Warranty Deed, and listing information.

As part of the appeal, the appellant disclosed the subject is an owner-occupied residence. The Board takes judicial notice that the subject property was the subject matter of an appeal the prior tax year as Docket No. 22-51329, in which the Board issued a decision lowering the subject's total combined assessment to \$118,000 based on the evidence submitted by the parties, and that 2021 was the first year of the general assessment cycle for the subject property.

Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$194,041. The subject's assessment reflects a market value of \$1,940,410, land included, when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. Also, as part of the "Board of Review Notes on Appeal," the board of review reported that for tax year 2023 no equalization factor was applied to non-farm properties in South Chicago Township.

In support of its contention of the correct assessment the board of review submitted a sales analysis based on 146 sales in the subject's condominium, including the above-described sale of the subject, from 2019 to 2022. The sales have an aggregate sale price of \$59,965,181 and have a combined interest in the common elements of the condominium of 20.4179%. Based on these sales a value of \$293,689,267 was computed for the condominium, from which a value of \$1,995,912 can be computed for the subject based on its 0.6796% interest. The board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds, pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) a reduction in the subject's assessment is warranted. In pertinent part, section 16-185 of the Property Tax Code provides:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash

value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds that the subject property was the subject matter of an appeal before the Board for the 2022 tax year under Docket No. 22-51329 in which a decision was issued based upon the evidence presented by the parties reducing the subject's total combined assessment to \$118,000. The record further disclosed the subject property is an owner-occupied dwelling. The Board also finds that the 2022 and 2023 tax years are within the same general assessment period and no equalization factor was applied in South Chicago Township in 2023. Furthermore, the decision of the Board for the 2022 tax year has not yet been reversed or modified upon review and there was no evidence the subject property recently sold establishing a different fair cash value. Applying section 16-185 of the Property Tax Code would result in a reduced total combined assessment of \$118,000, which is less than the 2023 assessment of the subject property of \$194,041.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
