

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Dilling
DOCKET NO.: 23-40871.001-R-1
PARCEL NO.: 13-13-320-021-0000

The parties of record before the Property Tax Appeal Board are Mark Dilling, the appellant, by attorney George J. Relias, of Relias Law Group, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,750
IMPR.: \$41,933
TOTAL: \$60,683

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,438 square feet of living area. The dwelling is approximately 106 years old. Features include a full basement and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant disclosed in the appeal petition that the subject was an owner-occupied dwelling.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood. The comparables have varying degrees of similarity to the subject in location, design, age, dwelling size, and features.

The comparables have improvement assessments ranging from \$18,375 to \$37,699 or from \$7.20 to \$15.14 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$29,466.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,683. The subject property has an improvement assessment of \$41,933 or \$17.20 per square foot of living area. The board of review also reported in its submission that 2021 was the beginning of the subject's general assessment cycle for Jefferson Township and that no township equalization factor was applied in 2023 by county assessment officials.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood. The comparables have varying degrees of similarity to the subject in location, age, dwelling size, and other features. The comparables have improvement assessments ranging from \$15,473 to \$47,250 or from \$6.54 to \$19.94 per square foot of living area.

In rebuttal, counsel for the attorney asserted that three of the four comparables submitted by the board of review have square foot assessments which are less than the subject's per square foot assessment and therefore support a reduction in the subject's assessment.

Pursuant to section 1910.90(i) of the rules of the Property Tax Appeal Board, the Property Tax Appeal Board takes official notice that the subject property was the subject matter of an appeal before the Board for the prior tax years under Docket No. 21-55366 and Docket No. 22-34643. (86 Ill.Admin.Code §1910.90(i)). In those appeals, the Property Tax Appeal Board issued decisions lowering the total assessment of the subject property to \$60,683 based on the evidence submitted by the parties. Furthermore, the Board finds that the subject property for tax year 2023 is an owner-occupied residence, which was not refuted by the board of review.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds that this matter is controlled by Sec. 16-185 of the Property Tax Code (35 ILCS 200/16-185). Section 16-185 of the Property Tax Code provides in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through

9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds that the subject property was the subject matter of appeals before the Property Tax Appeal Board for the 2021 and 2022 tax years under Docket No. 21-55366 and Docket No. 22-34643 in which decisions were issued based upon the evidence presented by the parties reducing the subject's total assessment to \$60,683. This record further indicates that the subject property is an owner-occupied dwelling, which was unrefuted by the board of review, and that 2021, 2022, and 2023 are within the same general assessment period for Jefferson Township. Furthermore, the record contains no evidence indicating the subject property sold in an arm's length transaction after the Board's decision or that the decision of the Property Tax Appeal Board has been reversed or modified upon review. However, the Board finds the subject's tax year 2023 assessment already reflects the reductions issued for tax years 2021 and 2022; therefore, the subject is properly assessed for 2023 and no further reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
