

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Partyka  
DOCKET NO.: 23-40955.001-R-1  
PARCEL NO.: 28-23-217-040-0000

The parties of record before the Property Tax Appeal Board are Maria Partyka, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,497  
**IMPR.:** \$9,502  
**TOTAL:** \$12,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,588 square feet of living area. The dwelling is approximately 73 years old. Features include a crawl space foundation, central air conditioning, 1 fireplace, and a 2-car garage. The property has a 15,545 square foot site and is located in Markham, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,334 to 1,720 square feet of living area. The dwellings range in age from 73 to 88 years old. Each comparable has a slab or crawl space foundation, 1 or 2 fireplaces, and from a 1-car to a

2.5-car garage. The comparables have improvement assessments ranging from \$5,000 to \$6,500 or from \$3.63 to \$3.80 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,999. The subject property has an improvement assessment of \$9,502 or \$5.98 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1.5-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,437 to 1,602 square feet of living area. The dwellings range in age from 68 to 87 years old. Three comparables each have a crawl space foundation and one comparable has a full basement. One comparable has central air conditioning. Two comparables each have one fireplace. Three comparables each have from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$10,188 to \$14,261 or from \$6.41 to \$9.08 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which have a dissimilar 1-story design, in contrast to the subject's 1.5-story design and/or are substantially smaller homes than the subject. The Board also gives less weight to board of review comparable #1 which has a basement foundation, unlike the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3, and #4 which are similar to the subject in location, design/class, and dwelling size with varying degrees of similarity in other features. Two of these comparables are older homes than the subject and each comparable lacks central air conditioning while one comparable also lacks a garage amenity, both of which are features of the subject. The best comparables would require appropriate upward adjustments for these differences to make them more equivalent to the subject. Nevertheless, the best comparables have improvement assessments ranging from \$10,188 to \$11,204 or from \$6.41 to \$7.80 per square foot of living area. The subject property's improvement assessment of \$9,502 or \$5.98 per square foot of living falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
