

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles F. Armour, Jr.
DOCKET NO.: 23-41218.001-R-1
PARCEL NO.: 28-30-200-071-0000

The parties of record before the Property Tax Appeal Board are Charles F. Armour, Jr., the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,560
IMPR.: \$18,061
TOTAL: \$21,621

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,163 square feet of living area. The dwelling is approximately 73 years old. The property features a full basement, central air conditioning and a 2-car garage. The property has a 7,913 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .78 of mile from the subject property. The comparables are class 2-03 properties improved with 1-story or 1.5-story dwellings of frame exterior construction ranging in size from 1,173 to 1,398 square feet of living area. The dwellings range in age from 62 to 93 years old.

Each comparable has a full or partial basement and one or two fireplaces. Comparable #4 has central air conditioning and four comparables each have either a 1-car, a 1.5-car or a 2.5-car garage. The comparables have improvement assessments that range from \$10,414 to \$13,263 or from \$8.85 to \$9.49 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$10,548 or \$9.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,621. The subject property has an improvement assessment of \$18,061 or \$15.53 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block as the subject property, one of which is also along the same street. The comparables are class 2-03 properties improved with 1.5-story dwellings of frame exterior construction ranging in size from 1,125 to 1,174 square feet of living area. The dwellings are 73 or 74 years old. The comparables each have a full basement, two of which have finished area. Each comparable has central air conditioning and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$18,084 to \$20,409 or from \$15.40 to \$18.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which differ from the subject in story height and/or age. Additionally, the appellant's comparables lack central air conditioning or a garage, both features of the subject.

The Board finds the best evidence of assessment equity to be the four board of review comparables, which are located within the same block as the subject property, one of which is also along the same street as the subject. The comparables are overall more similar to the subject in dwelling size, story height, age and some features. These four comparables have improvement assessments ranging from \$18,084 to \$20,409 or from \$15.40 to \$18.14 per square foot of living area. The subject's improvement assessment of \$18,061 or \$15.53 per square foot of living area falls below the range established by the best comparables in the record in terms of overall improvement assessment but within the range on a per square foot of living area basis. Based on this record and after considering adjustments to the best comparables for differences

from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
