

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Babcock
DOCKET NO.: 23-41442.001-R-1
PARCEL NO.: 14-20-303-006-0000

The parties of record before the Property Tax Appeal Board are George Babcock, the appellant, by attorney Andreas Mamalakis of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$67,500
IMPR.: \$41,749
TOTAL: \$109,249

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of frame exterior construction with 3,356 square feet of gross building area. The building is approximately 124 years old. Features of the property include a partial basement with finished area,¹ central air conditioning and a 2.5-car garage. The property has a site with 4,500 square feet of land area and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located

¹ The board of review disclosed the subject's basement is finished with a formal recreation room, which was not reported by nor was it refuted by the appellant.

within .60 of a mile from the subject property. The comparables are class 2-11 properties that are improved with two-story multi-family buildings of frame exterior construction ranging in size from 2,851 to 3,908 square feet of gross building area. The buildings range in age from 128 to 145 years old. Two comparables each have a crawl space foundation and three comparables each have a full or partial basement. Each comparable has one or two fireplaces and comparable #5 has a 2-car garage. The comparables have improvement assessments that range from \$26,634 to \$38,625 or from \$9.00 to \$10.18 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment of \$32,150 or \$9.58 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$109,249. The subject property has an improvement assessment of \$41,749 or \$12.44 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located approximately $\frac{1}{4}$ of a mile from the subject property. The comparables are class 2-11 properties that are improved with two-story multi-family buildings of frame exterior construction ranging in size from 2,668 to 3,084 square feet of gross building area. The buildings range in age from 118 to 128 years old. The comparables each have a full basement, two of which have finished area. Two comparables have central air conditioning and three comparables each have either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$53,000 to \$62,500 or from \$19.40 to \$20.27 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #3 and #4 due to differences from the subject in building size and/or lack of a garage. Additionally, the appellant's comparables #1 and #5 have a dissimilar crawl space foundation when compared to the subject's finished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2, which are overall more similar to the subject in location, building size, design, age and some features. These two comparables have improvement assessments of \$60,000 and \$62,500 or \$19.82 and \$20.27 per square foot of gross building area. The subject's improvement assessment of \$41,749 or \$12.44 per square foot of gross building area falls below the two best

comparables in the record both in terms of overall improvement assessment and on a per square foot of gross building area basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
