

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: STANLEY AWENLIMOBOR
DOCKET NO.: 23-41724.001-R-1
PARCEL NO.: 23-06-303-044-0000

The parties of record before the Property Tax Appeal Board are STANLEY AWENLIMOBOR, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,074
IMPR.: \$46,926
TOTAL: \$62,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 3,052 square feet of living area. The dwelling is 21 years old. Features of the home include a full basement, central air conditioning, a fireplace and a three-car garage. The property has an 11,595 square foot site located in Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on June 4, 2021, for a price of \$620,000, or \$203.15 per square foot of living area, land included, when using the 2023 level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. The appellant submitted five comparable sales that had sale dates ranging from 1999 to 2003. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

Additionally, the appellant argued the subject is inequitably assessed. In support of the assessment inequity argument, the appellant submitted a grid sheet with three comparable properties.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,658. The subject's assessment reflects a market value of \$716,580 or \$234.79 per square foot of living area, land included, when using the 2023 level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. The subject has an improvement assessment of \$56,585, or \$18.54 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on two comparable sales and five equity comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in June 2021, for a price of \$620,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the Multiple Listing Service. In further support of the transaction the appellant submitted a copy of the sale contract. The Board finds the purchase price is below the market value reflected by the assessment. Based on this record the Board finds the subject property had a market value of \$620,000 as of January 1, 2023. Since market value has been determined the 2023 level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2) After this reduction, the Board finds the subject is equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
