

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Miroslava S. Vankova  
DOCKET NO.: 23-42010.001-R-1  
PARCEL NO.: 03-32-407-008-0000

The parties of record before the Property Tax Appeal Board are Miroslava S. Vankova, the appellant, by Brian P. Liston, attorney-at-law of the Law Offices of Liston & Tsantilis, P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,600  
**IMPR.:** \$25,400  
**TOTAL:** \$32,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a site with 6,600 square feet of land area improved with a multi-level dwelling of frame and masonry exterior construction that contains 1,454 square feet of living area. The dwelling is approximately 54 years old. Features of the property include a partial basement with a formal recreation room, central air conditioning, two bathrooms and a 2-car garage. The property is in Arlington Heights, Wheeling Township, Cook County. The subject is a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables consisting of class 2-34 properties improved with multi-level dwellings of masonry or frame and masonry exterior construction that range in size from 1,361 to 1,558 square feet of

living area. The homes are 54 to 64 years old. Each property has a partial basement, 1½ or 2 bathrooms and a 2-car garage. Two comparables have central air conditioning and one fireplace. These properties have the same neighborhood code as the subject and are located from .2 of a mile to 2.6 miles from the subject property. The comparables have improvement assessments ranging from \$20,430 to \$25,080 or from \$14.73 and \$16.29 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$22,309.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,000. The subject property has an improvement assessment of \$25,400 or \$17.47 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables composed of class 2-34 properties improved with multi-level dwellings of frame and masonry exterior construction that have either 1,379 or 1,381 square feet of living area. The dwellings are 54 or 55 years old. Each property has a partial basement with a formal recreation room, central air conditioning, 1½ or 2½ bathrooms, and a 2-car garage. One comparable has a fireplace. The comparables have the same neighborhood code as the subject and are in the same block as the subject. These properties have improvement assessments ranging from \$25,400 to \$26,400 or from \$18.40 to \$19.14 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on six equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #2 and #3 due to differences from the subject in location. The Board finds the best evidence of assessment equity to be appellant's comparable #1 and the board of review comparables that range in size from 1,361 to 1,381 square feet of living area and are 54 or 55 years old. The properties have similar features as the subject and are in the same block or .2 of a mile from the subject. Their improvement assessments range from \$20,430 to \$26,400 or from \$15.01 to \$19.14 per square foot of living area. The subject's improvement assessment of \$25,400 or \$17.47 per square foot of living area falls within the range established by the best comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex Motor Fuel Co. v. Barrett*, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not all assessed at identical levels, all that the constitution requires is a practical uniformity which exists based on the evidence in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
