

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony Speiser
DOCKET NO.: 23-42016.001-R-1
PARCEL NO.: 13-30-207-008-0000

The parties of record before the Property Tax Appeal Board are Anthony Speiser, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,000
IMPR.: \$19,000
TOTAL: \$29,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,246 square feet of living area. The dwelling is approximately 91 years old. Features of the home include a basement and 1 bathroom. The property has a 4,000 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located within the subject's assessment neighborhood and from 0.90 of a mile to 1.1 miles from the subject property. The comparables consist of class 2-03 dwellings of masonry exterior construction ranging in size from 1,090 to 1,321 square feet of living area. The dwellings are from 93 to 97 years old. Each comparable has a basement, either 1, 1 ½ or 2 bathrooms, and a

1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$12,585 to \$15,125 or from \$11.45 to \$11.65 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$29,000. The subject property has an improvement assessment of \$19,000 or \$15.25 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately $\frac{1}{4}$ of a mile from the subject property. Three comparables are located along the same street as the subject. The comparables consist of class 2-03 dwellings of masonry exterior construction ranging in size from 1,207 to 1,290 square feet of living area. The dwellings are 91 or 92 years old. Each comparable has a basement and 1 bathroom. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$19,592 to \$20,625 or from \$15.99 to \$16.61 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration, six of which have a garage, which is not a feature of the subject. The Board gives less weight to the appellant's comparables which are located nearly a mile or more away from the subject property.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are located within the subject's assessment neighborhood approximately $\frac{1}{4}$ of a mile from the subject property. These comparables overall are also similar to the subject in age and dwelling size but have varying degrees of similarity to the subject in other features. These three comparables have improvement assessments ranging from \$19,592 to \$20,625 or from \$15.99 to \$16.61 per square foot of living area. The subject's improvement assessment of \$19,000 or \$15.25 per square foot of living falls below the best comparables in the record, which is logical given the subject lacks both a basement finish and a garage, unlike the four best comparables in the record. After considering adjustments to the board of review's comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
