

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lei Jin
DOCKET NO.: 23-42159.001-R-1
PARCEL NO.: 15-13-102-022-0000

The parties of record before the Property Tax Appeal Board are Lei Jin, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,125
IMPR.: \$48,875
TOTAL: \$52,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story mixed-use building of frame and masonry exterior construction with 3,991 square feet of building area. The building is approximately 80 years old. Features of the subject include a basement, 4½ bathrooms and a 2-car garage. The property has an approximately 3,125 square foot site and is located in Forest Park, Proviso Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-12 mixed-use buildings of frame or masonry exterior construction ranging in size from 2,625 to 6,250 square feet of building area. The

buildings range in age from 109 to 117 years old. Each comparable has a basement, three with finished area and from 1 to 4 bathrooms. One comparable has central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$17,920 to \$57,875 or from \$7.46 to \$11.30 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$36,956 or \$9.26 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,000. The subject property has an improvement assessment of \$48,875 or \$12.25 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 2,904 to 3,504 square feet of building area. The properties range in age from 99 to 124 years old. Each comparable has from 1½ to 4½ bathrooms. Two comparables have a basement, one with finished area and one comparable has a crawl space foundation. Two comparables have a 2-car garage. The comparables have improvement assessments ranging from \$44,400 to \$48,125 or from \$12.67 to \$15.50 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3 and #4 and board of review comparables #2 and #3 which are less similar to the subject in age, building size, foundation type and/or bathroom count.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and board of review comparable #1 which are more similar to the subject in building size, bathroom count and other features. However, these properties differ from the subject in age and/or garage amenity suggesting adjustments are needed to make these comparables more equivalent to the subject. These two comparables have improvement assessments of \$48,125 and \$51,257 or \$11.30 and \$13.75 per square foot of building area. The subject's improvement assessment of \$48,875 or \$12.25 per square foot of building area is bracketed by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
