

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raul Barajas  
DOCKET NO.: 23-42389.001-R-1  
PARCEL NO.: 17-19-305-030-0000

The parties of record before the Property Tax Appeal Board are Raul Barajas, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,928  
**IMPR.:** \$31,072  
**TOTAL:** \$40,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2,976 square foot parcel of land improved with two improvements. Improvement #1 is a class 2-11, 135-year-old, two-story, single-family dwelling containing 1,687 square feet of building area. No details were provided regarding improvement #2. The property is located in Chicago, West Chicago Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity for improvement #1 as the basis of the appeal. In support of this argument, the appellant submitted information on eight suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as frame, masonry, or frame and masonry construction, one- or two-story dwellings. They range in age from 128 to 139 years; in size from 1,560 to 2,017 square feet of living area; and an improvement assessment from \$13.18 to \$16.73 per square foot of living area. These

properties have crawl spaces, slab foundations, or full basements, one fireplace, and zero- to two-car garages. The suggested comparable properties are located within a .05-mile radius of the subject property. The appellant requested the subject's total assessment be reduced to \$33,153.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,000. The subject property has a combined improvement assessment for both improvements of \$31,072. The breakdown for improvement #1 is \$20,072 or \$11.89 per square footage of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as frame construction, two-story dwellings. They range in age from 123 to 133 years; in size from 1,686 to 1,768 square feet of living area; and an improvement assessment ranging from \$13.18 to \$16.06 per square foot of living area. These properties have slab foundations or a crawl space. The properties are located within a ¼-mile radius of the subject property. The board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity for improvement #1 as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds that while the parties submitted comparables similar to improvement #1, they failed to submit any evidence of the second improvement on the parcel or the improvement assessments for each improvement. The appellant incorrectly applied the improvement assessment of both improvements onto only improvement #1 which artificially inflated the assessment per square foot. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
