

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Cosgrove  
DOCKET NO.: 23-42487.001-R-1  
PARCEL NO.: 28-30-200-022-0000

The parties of record before the Property Tax Appeal Board are Kevin Cosgrove, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,591  
**IMPR.:** \$19,409  
**TOTAL:** \$23,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,200 square feet of living area. The dwelling is approximately 74 years old. The home features a full basement with finished area and a 2-car garage. The property has a 7,980 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables that have the same assessment neighborhood code as the subject and are located from .79 of a mile to 1.33 miles from the subject property. The comparables are class 2-03 properties that are improved with frame exterior construction ranging in size from 1,122 to 1,380 square feet of living area. The dwellings range in age from 73 to 111 years old. Three

comparables each have a crawl space foundation and three comparables each have a full basement. Two comparables have central air conditioning and five comparables each have either a 1-car, a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$8,000 to \$10,000 or from \$6.20 to \$7.30 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$8,352 or \$6.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,000. The subject property has an improvement assessment of \$19,409 or \$16.17 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block and along the same street as the subject property. The comparables are class 2-03 properties that are improved with 1.5-story dwellings of frame exterior construction ranging in size from 1,125 to 1,382 square feet of living area. The dwellings are 73 or 74 years old. The comparables each have a full basement, one of which has finished area. Three comparables have central air conditioning and each comparable has either a 1.5-car, a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$18,409 to \$22,409 or from \$16.21 to \$17.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which differ from the subject in foundation type or age. Additionally, the appellant's comparables #1 through #5 are located more than a mile from the subject property.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are located within the same block and along the same street as the subject and are similar to the subject in dwelling size, design and age. However, the comparables have other features with varying degrees of similarity when compared to the subject, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$18,409 to \$22,409 or from \$16.21 to \$17.04 per square foot of living area. The subject's improvement assessment of \$19,409 or \$16.17 per square foot of living area per square foot of living area falls within the range established by the best comparables in the record in terms of

overall improvement assessment but below the comparables on a per square foot of living area basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
