

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: DIN Fund III, LLC
DOCKET NO.: 23-43166.001-R-1
PARCEL NO.: 20-23-124-010-0000

The parties of record before the Property Tax Appeal Board are DIN Fund III, LLC, the appellant, by attorney Abby L. Strauss of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,875
IMPR.: \$9,672
TOTAL: \$17,547

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family building of masonry exterior construction with 8,060 square feet of gross building area. The building is approximately 108 years old. Features of the property include concrete slab foundation, six bathrooms, six fireplaces and a 2-car garage. The property has a site with 6,300 square feet of land area and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located from .92 of a mile to 1.41 from the subject property. The comparables are class 2-11 properties improved with three-story multi-family buildings of masonry exterior construction ranging in

size from 8,290 to 8,448 square feet of gross building area. The buildings are from 104 to 108 years old. Each comparable has a full basement, six bathrooms and a 2-car, a 3-car, a 3.5-car or a 4-car garage. Two comparables each have six fireplaces. The comparables have improvement assessments that range from \$7,269 to \$10,500 or from \$0.87 to \$1.26 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$8,785 or \$1.09 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,000. The subject property has an improvement assessment of \$21,125 or \$2.62 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block and along the same street as the subject property. The comparables are class 2-11 properties improved with two-story or three-story multi-family buildings of masonry exterior construction ranging in size from 1,796 to 6,576 square feet of gross building area. The buildings are from 98 to 123 years old. Two comparables each have a concrete slab foundation and two comparables each have a full basement. Each comparable has two, three or six bathrooms. Comparable #3 has six fireplaces and three comparables each have a 1-car, a 2-car or a 3.5-car garage. The comparables have improvement assessments that range from \$8,062 to \$24,062 or from \$2.91 to \$8.34 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant pointed out differences in building sizes between the subject and the board of review's comparables.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds a reduction in the subject's assessment is warranted based upon the evidence in the record.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the four comparables submitted by the board of review due to differences from the subject in building size and/or story height.

The Board finds the best evidence of assessment equity to be the appellant's comparables, which have the same assessment neighborhood code as the subject and are overall most similar to the subject in building size, story height, age and some features. The comparables have improvement assessments that range from \$7,269 to \$10,500 or from \$0.87 to \$1.26 per square foot of gross building area. The subject's improvement assessment of \$21,125 or \$2.62 per square foot of gross building area falls above the range established by the best comparables in

the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
