

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CK Rise Properties, LLC
DOCKET NO.: 23-43208.001-R-1
PARCEL NO.: 13-13-109-031-0000

The parties of record before the Property Tax Appeal Board are CK Rise Properties, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,200
IMPR.: \$68,400
TOTAL: \$75,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story mixed use building of masonry exterior construction with 5,700 square feet of building area. The building is approximately 90 years old. Features of the property include an unfinished basement and a 2-car garage. The property has an approximately 3,000 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-12 mixed use buildings of masonry exterior construction ranging in size from 5,686 to 6,468 square feet of building area. The buildings range in age from

97 to 118 years old. Each comparable has a basement, which the appellant did not disclose were either finished or unfinished. One building has central air conditioning and two properties have a 1-car or a 4-car garage. The comparables have improvement assessments ranging from \$52,260 to \$73,040 or from \$9.19 to \$11.29 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$58,254 or \$10.22 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,600. The subject property has an improvement assessment of \$68,400 or \$12.00 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 3-story class 2-12 mixed use buildings of masonry exterior construction ranging in size from 3,750 to 5,500 square feet of building area. The buildings range in age from 16 to 110 years old. Three comparables have an unfinished basement and one comparable has a concrete slab foundation. Three properties have central air conditioning and comparable #2 has a 2-car garage. The comparables have improvement assessments ranging from \$49,450 to \$77,520 or from \$12.56 to \$16.65 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant critiqued the board of review's comparables asserting comparable #1 differs from the subject in age and comparables #2, #3 and #4 differ from the subject in building area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1, #2 and #4 which are less similar to the subject in age, foundation type and/or building area than other properties in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with board of review comparable #3 which are more similar to the subject in location and building size, but present varying degrees of similarity to the subject in age, garage amenity and central air conditioning, suggesting adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$52,260 to \$73,040 or from \$9.19 to \$12.56 per square foot of building area. The subject's improvement assessment of \$68,400 or \$12.00 per square foot of building area falls within the range established by the best comparables in this record. After considering appropriate

adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
