

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marcoantonio Balan
DOCKET NO.: 23-43558.001-R-1
PARCEL NO.: 16-03-407-008-0000

The parties of record before the Property Tax Appeal Board are Marcoantonio Balan, the appellant, by attorney Andrew S. Dziuk of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,536
IMPR.: \$12,368
TOTAL: \$16,904

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,008 square feet of living area. The dwelling is approximately 109 years old. The property features a concrete slab foundation, one bathroom and a one-car garage. The property has a 3,780 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located from .48 to .57 of a mile from the subject property. The comparables are class 2-03 properties improved with dwellings of frame exterior construction ranging in size from 1,008 to 1,176

square feet of living area. The dwellings range in age from 118 to 132 years old. The comparables each have a concrete slab foundation, either one bathroom or two and one-half bathrooms, and a one-car or a two-car garage. The comparables have improvement assessments that range from \$10,851 to \$12,280 or from \$10.44 to \$11.63 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$10,523 or \$10.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,904. The subject property has an improvement assessment of \$12,368 or \$12.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block as the subject or approximately $\frac{1}{4}$ of a mile from the subject property, one of which is also along the same street as the subject. The comparables are class 2-03 properties improved with one-story dwellings of frame exterior construction containing 1,008 or 1,086 square feet of living area. The dwellings are 108 or 110 years old. The comparables each have a concrete slab foundation and one bathroom. Three comparables each have a one-car garage. The comparables have improvement assessments ranging from \$12,464 to \$14,428 or from \$12.37 to \$13.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, which are less similar to the subject dwelling in age than other comparables in the record. The Board has given reduced weight to board of review comparable #3 due to its lack of a garage, a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4, which are most similar to the subject in age and identical to the subject in dwelling size and features. The comparables have improvement assessments ranging from \$12,464 to \$13,777 or from \$12.37 to \$13.67 per square foot of living area. The subject's improvement assessment of \$12,368 or \$12.27 per square foot of living area falls below the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
