

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Juarez
DOCKET NO.: 23-43567.001-R-1
PARCEL NO.: 16-04-311-012-0000

The parties of record before the Property Tax Appeal Board are Jose Juarez, the appellant, by attorney Andrew S. Dziuk of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,957
IMPR.: \$15,106
TOTAL: \$19,063

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,607 square feet of living area. The dwelling is approximately 113 years old. The property features a full basement with finished area, central air conditioning, 3 bathrooms and a 2-car garage. The property has a 4,166 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located from .39 of a mile to 1.46 miles from the subject property. The comparables are class 2-03 properties improved with dwellings of frame exterior construction ranging in size from 1,500 to

1,794 square feet of living area. The dwellings range in age from 118 to 130 years old. One comparable has a concrete slab foundation and four comparables each have a full basement. Each comparable has either 1, 1½ or 2 bathrooms. Four comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$10,547 to \$11,725 or from \$6.25 to \$7.18 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$10,043 or \$6.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,063. The subject property has an improvement assessment of \$15,106 or \$9.40 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block and along the same street as the subject or approximately ¼ of a mile from the subject property. The comparables are class 2-03 properties improved with 1.5-story dwellings of frame exterior construction ranging in size from 1,221 to 1,689 square feet of living area. The dwellings are 108 or 113 years old. One comparable has a concrete slab foundation and three comparables each have a full basement. Each comparable has 1½ or 2 bathrooms and either a 1-car or a 2-car garage. Comparable #4 has central air conditioning. The comparables have improvement assessments that range from \$12,076 to \$17,756 or from \$9.57 to \$10.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #3 and #4 which differ from the subject in garage amenity, location or foundation type. The Board has given reduced weight to board of review comparables #2 and #3 due to their smaller dwelling sizes and/or lack of a basement, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #5, along with board of review comparables #1 and #4, which are located more proximate to the subject and are most similar to the subject in dwelling size, foundation, age and some features. These four comparables have improvement assessments that range from \$11,409 to \$17,756 or from \$6.54 to \$10.51 per square foot of living area. The subject's improvement assessment of \$15,106 or \$9.40 per square foot of living area falls within the range established by the best

comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
