

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jorge Guaman
DOCKET NO.: 23-43568.001-R-1
PARCEL NO.: 16-04-218-003-0000

The parties of record before the Property Tax Appeal Board are Jorge Guaman, the appellant, by attorney Andrew S. Dziuk of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,720
IMPR.: \$21,280
TOTAL: \$25,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,025 square feet of living area. The dwelling is approximately 99 years old. The property features a concrete slab foundation, one bathroom and a one-car garage. The property has a 3,720 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located from .41 to .99 of a mile from the subject property. The comparables are class 2-03 properties improved with dwellings of frame exterior construction ranging in size from 1,200 to 1,225

square feet of living area. The dwellings range in age from 100 to 108 years old. One comparable has a full basement and four comparables each have a concrete slab foundation. Each comparable has one bathroom and either a one-car or a two-car garage. The comparables have improvement assessments that range from \$14,660 to \$15,160 or from \$12.09 to \$12.40 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,392 or \$12.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,000. The subject property has an improvement assessment of \$21,280 or \$20.76 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block and along the same street as the subject or approximately ¼ of a mile from the subject property. The comparables are class 2-03 properties improved with one-story dwellings of frame exterior construction ranging in size from 1,025 to 1,058 square feet of living area. The dwellings are each 99 years old. Each comparable has a concrete slab foundation, one bathroom and either a one-car or a two-car garage. The comparables have improvement assessments of \$22,280 and \$23,280 or from \$21.06 to \$22.30 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which are located less proximate to the subject and have larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are located more proximate to the subject and are most similar to the subject in dwelling size, design, age and features. The comparables have improvement assessments of \$22,280 and \$23,280 or from \$21.06 to \$22.30 per square foot of living area. The subject's improvement assessment of \$21,280 or \$20.76 per square foot of living area falls below the two best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
