

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: WLADYSLAW JARZABEK  
DOCKET NO.: 23-43582.001-R-1  
PARCEL NO.: 17-05-319-054-0000

The parties of record before the Property Tax Appeal Board are WLADYSLAW JARZABEK, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,524  
**IMPR.:** \$99,360  
**TOTAL:** \$115,884

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2,754 square foot parcel of land improved with two improvements. Improvement #1 is a 135-year-old, two-story, multi-family dwelling containing 2,952 square feet of building area. Improvement #2 is a multi-family dwelling containing 1,672 square feet of building area. The property is located in Chicago, West Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity for improvement #1 as the basis of the appeal. In support of this argument, the appellant submitted data on five suggested comparables for improvement #1. These comparables are described as one or two-story, masonry, multi-family dwellings. They range: in age from 23 to 138 years; in size from 3,135 to 3,520 square feet of building area; and in improvement assessment from \$20.08 to \$23.97 per square foot of building area.

The board of review submitted two "Board of Review Notes on Appeal" disclosing the assessment for different parcels. These notes also breakout the allocated improvement assessments for improvement #1 of \$60,476 or \$20.49 per square foot of building area and an allocated improvement assessment for improvement #2 of \$38,884 or \$23.36 per square foot of building area.

In support of the current assessment, the board of review submitted data on three suggested comparables for improvement #1. These comparables are described as one and one-half or two-story, masonry or frame and masonry, multi-family dwellings. They range: in age from 131 to 143 years; in size from 2,016 to 2,228 square feet of building area; and in improvement assessment from \$22.29 to \$29.74 per square foot of building area.

In support of the current assessment, the board of review submitted data on three suggested comparables for improvement #2. These comparables are described as two-story, masonry, multi-family dwellings. They range: in age from 125 to 143 years; in size from 1,598 to 2,016 square feet of building area; and in improvement assessment from \$24.81 to \$29.74 per square foot of building area.

### **Conclusion of Law**

The taxpayer contends assessment inequity for improvement #1 as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity for improvement #1 to be the appellant comparables. These comparables had improvement assessments ranging from \$20.08 to \$23.97 per square foot of building area. The remaining comparables were given less weight due to differences in size. In comparison the subject's improvement #1 allocated assessment of \$20.49 per square foot of building area is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
