

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carol Davidson
DOCKET NO.: 23-43869.001-R-1
PARCEL NO.: 18-19-203-016-0000

The parties of record before the Property Tax Appeal Board are Carol Davidson, the appellant(s), by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,199
IMPR.: \$55,800
TOTAL: \$70,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 3,436 square feet of living area. The dwelling is approximately thirty-eight years old. Features of the home include a full basement, central air conditioning, a fireplace, two full and two partial bathrooms and a one-car garage. The property is in Indian Head Park, Lyons Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables. Each of the appellant properties comparables contain two story dwellings of generally the same age. They range in size from 2,546 to 3,293 square feet of living area; and in improvement assessment from \$31,000 to \$40,000 or \$12.15 to \$12.49 per square foot of living area. The record is silent as to the appellant

comparables proximity to the subject property. The appellant is requesting a reduction to \$57,186 in total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,999. The subject property has an improvement assessment of \$55,800 or \$16.24 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the board of review comparables are two-story structures of frame and masonry or masonry material. Each of the comparables has full or partial basements, central air conditioning, central air conditioning, one fireplace and a two-car garage. They range in size from 3,134 to 3,513 square feet of living space; and in improvement assessment from \$55,723 to \$59,528 or \$16.94 to \$17.78 per square foot of living area. The board of review comparables are all on the same block as the subject property. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables two, three and four*. These comparables most resembled the subject property with respect to size, location and features. They had improvement assessments that ranged from \$16.94 to \$17.51 per square foot of living area. The subject's improvement assessment of \$16.24 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
