

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Erik Matsunaga
DOCKET NO.: 23-44348.001-R-1
PARCEL NO.: 13-12-103-094-0000

The parties of record before the Property Tax Appeal Board are Erik Matsunaga, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,323
IMPR.: \$50,061
TOTAL: \$72,384

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,443 square feet of living area. The dwelling is approximately 70 years old. Features of the home include a full basement with finished area, central air conditioning, 2 fireplaces, and a 1-car garage. The property has a 6,976 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven equity comparables located within the same assessment neighborhood code as the subject and within 0.20 of a mile from the subject. The comparables consist of class 2-06 dwellings of masonry exterior construction ranging in size from 2,536 to 4,696 square feet of living area. The

dwelling are 66 to 93 years old. Two dwellings have slab foundations. Five dwellings have full basements, four of which have finished area. Five comparables have central air conditioning, and each comparable has 1 or 2 fireplaces and from a 1-car or a 2½-car garage. The comparables have improvement assessments ranging from \$25,872 to \$62,410 or from \$9.26 to \$13.92 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$39,732 or \$11.54 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,384. The subject property has an improvement assessment of \$50,061 or \$14.54 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood and within the subject's same block or approximately ¼ of a mile from the subject. The comparables consist of class 2-06, 2-story dwellings of masonry exterior construction ranging in size from 2,711 to 3,071 square feet of living area. The comparables are 70 to 72 years old. The dwellings have full or partial basements with finished area, central air conditioning and either a 1-car, a 1½-car or a 2-car garage. Three comparables have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$39,445 to \$59,000 or from \$14.55 to \$20.83 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3, #4 and #6 due to differences in dwelling size, age, and/or lack of a basement or basement finish when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, dwelling size, age, basement finish and most features. These comparables have improvement assessments ranging from \$35,215 to \$59,000 or from \$9.26 to \$20.83 per square foot of living area. The subject's improvement assessment of \$50,061 or \$14.54 per square foot of living area falls within the range established by the best comparables in the record. After considering the adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
