

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Hilkes
DOCKET NO.: 23-44388.001-R-1
PARCEL NO.: 13-26-120-028-0000

The parties of record before the Property Tax Appeal Board are David Hilkes, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,230
IMPR.: \$32,450
TOTAL: \$45,680

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-family building of masonry exterior construction with 2,844 square feet of gross building area. The building is approximately 105 years old. Features include a concrete slab foundation, central air conditioning and a 2-car garage. The property has a 3,780 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven equity comparables located within the subject's assessment neighborhood and within 0.11 of a mile from the subject. The comparables are improved with class 2-11, multi-family buildings of frame or masonry exterior construction ranging in size from 2,662 to 3,474 square feet of gross

building area. The buildings are from 115 to 134 years old. Each comparable has a full basement with four having finished area. Two comparables each have central air conditioning, and six comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$24,094 to \$32,656 or from \$7.40 to \$10.95 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,680. The subject property has an improvement assessment of \$32,450 or \$11.41 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject. The comparables are improved with class 2-11, multi-family buildings of masonry exterior construction ranging in size from 2,556 to 2,729 square feet of gross building area. The buildings are from 99 to 113 years old. Each comparable has a full basement with one having finished area, and either a 2-car or a 2.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$29,675 to \$39,770 or from \$11.61 to \$14.57 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #1 and #3 due to differences in their ages, building sizes, and/or lack of central air conditioning or a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #4 which overall are most similar to the subject in location, design, age, building size and other features. These two comparables have improvement assessments of \$29,675 and \$39,770 or \$11.61 and \$14.57 per square foot of gross building area. The subject's improvement assessment of \$32,450 or \$11.41 per square foot of gross building area is bracketed by the two best comparables in this record on an overall basis and falls below these two comparables on a per-square-foot basis. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
