

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Techno Magnetic Media & Computer Supplies, Inc.  
DOCKET NO.: 23-44662.001-R-1  
PARCEL NO.: 15-16-206-071-0000

The parties of record before the Property Tax Appeal Board are Techno Magnetic Media & Computer Supplies, Inc. the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,376  
**IMPR.:** \$15,624  
**TOTAL:** \$18,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 972 square feet of living area. The dwelling is approximately 60 years old. The home features a basement with finished area, 1½ bathrooms and central air conditioning. The property has a 3,168 square foot site and is located in Bellwood, Proviso Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .9 of a mile from the subject property. The comparables are class 2-02 properties that are improved with one-story dwellings of masonry exterior construction ranging in size from 910 to

998 square feet of living area. The dwellings are from 60 to 96 years old. Each comparable has a basement, 1 or 1½ bathrooms and central air conditioning. The comparables have improvement assessments that range from \$12,693 to \$15,624 or from \$13.01 to \$15.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$14,434 or \$14.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,000. The subject property has an improvement assessment of \$15,624 or \$16.07 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject property and are located within the same block and along the same street as the subject or approximately ¼ of a mile from the subject property. The comparables are class 2-02 properties that are improved with one-story dwellings of masonry exterior construction ranging in size from 910 to 978 square feet of living area. The dwelling are from 60 to 69 years old. The comparables each have a basement, one of which has finished area. Each comparable has 1 or 1½ bathrooms and either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$16,409 to \$17,881 or from \$17.98 to \$18.82 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3 due to their older dwelling ages, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4, along with the four comparables submitted by the board of review, which are similar to the subject in location, dwelling size, design and age. However, the Board finds five of the six comparables are not reported to have basement finish, four comparables lack central air conditioning and four comparables each lack a half bathroom, all features of the subject, suggesting upward adjustments for these differences would be required to make the comparables more equivalent to the subject. Conversely, four comparables each have a garage, unlike the subject, suggesting downward adjustments for this difference would be necessary. Nevertheless, these six comparables have improvement assessments that range from \$15,220 to \$17,881 or from \$15.47 to \$18.03 per square foot of living area. The subject's improvement assessment of \$15,624 or \$16.07 per square foot of living area falls within the range established by the best

comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
