

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Keller
DOCKET NO.: 23-45139.001-R-1
PARCEL NO.: 18-03-113-050-0000

The parties of record before the Property Tax Appeal Board are Michael Keller, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,567
IMPR.: \$24,304
TOTAL: \$28,871

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,254 square feet of living area. The dwelling is approximately 98 years old. Features of the home include a full basement, central air conditioning and a 2-car garage. The property has an approximately 6,300 square foot site and is located in Brookfield, Lyons Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-03 dwellings of frame or frame and masonry exterior construction that range in size from 1,220 to 1,376 square feet of living area. Four comparables are 70 years old. The appellant did not disclose the age for comparable #3. Each comparable has a slab foundation and a 2-car garage. Two comparables have central air conditioning. The comparables

have improvement assessments that range from \$17,662 to \$21,273 or from \$13.53 to \$15.46 per square foot of living area. Based on this evidence, the appellant requested a reduction the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,871. The subject property has an improvement assessment of \$24,304 or \$19.38 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story class 2-03 dwellings of frame exterior construction that range in size from 1,035 to 1,324 square feet of living area. The dwellings range in age from 80 to 101 years old. Each comparable has a full basement and a 2-car garage. Two comparables have central air conditioning. The comparables have improvement assessments that range from \$21,125 to \$29,574 or from \$20.41 to \$22.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables as well as the board of review comparable #3 due to their differences from the subject in foundation style, design and/or age.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2. The Board finds that these two comparables are most similar to the subject in foundation, design, age, dwelling size, and some features. These two most similar comparables have improvement assessments of \$25,384 and \$29,574 or \$22.34 and \$22.42 per square foot of living area. The subject's improvement assessment of \$24,304 or \$19.38 per square foot of living area falls below the assessments of the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
