

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Frontier
DOCKET NO.: 23-45142.001-R-1
PARCEL NO.: 15-32-307-009-0000

The parties of record before the Property Tax Appeal Board are James Frontier, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,056
IMPR.: \$74,943
TOTAL: \$82,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,948 square feet of living area. The dwelling is approximately 93 years old. Features of the home include a basement with finished area, central air conditioning, and a 2-car garage. The property has a 7,860 square foot site and is located in Western Springs, Proviso Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes ranging in size from 2,680 to 3,054 square feet of living area that are 101 to 136 years old. Each home has a basement, one with finished area, and

a from a 1-car to a 2.5-car garage. Three homes have central air conditioning. The comparables have improvement assessments ranging from \$47,695 to \$63,594 or from \$17.80 to \$20.82 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$58,340.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,999. The subject property has an improvement assessment of \$74,943 or \$25.42 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes ranging in size from 2,770 to 2,992 square feet of living area that are from 82 to 132 years old. Comparable #2 is reported to have been renovated. Each home has a basement, two with finished area, and a 1-car or a 2-car garage. Two homes have central air conditioning. The comparables have improvement assessments ranging from \$80,593 to \$84,593 or from \$26.94 to \$30.08 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #4, and #5 and the board of review's comparables #1, #3, and #4, due to substantial differences from the subject in age, central air conditioning amenity, and/or basement finish.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review's comparable #2, which are more similar to the subject in dwelling size, age, location, and most features, although one comparable is reported to have been renovated unlike the subject, suggesting a downward adjustments to this comparable would be needed to make it more equivalent to the subject. These comparables have improvement assessments of \$59,133 and \$80,593 or \$19.79 and \$26.94 per square foot of living area. The subject's improvement assessment of \$74,943 or \$25.42 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
