

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andy J. Strama
DOCKET NO.: 23-45146.001-R-1
PARCEL NO.: 13-28-104-039-0000

The parties of record before the Property Tax Appeal Board are Andy J. Strama, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,166
IMPR.: \$43,838
TOTAL: \$50,004

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 5,024 square feet of gross building area. The building is approximately 97 years old. Features include a full basement, 6 full bathrooms, and 6 half bathrooms. The property has a 4,108 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood as the subject. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,828 to 5,848 square feet of gross building area. The buildings are from 38 to 67

years old. Three comparables each have a full basement, and one comparable has a slab foundation. The comparables each have 3, 4, or 6 full bathrooms. Two comparables each have central air conditioning, and one comparable has a 2-car garage. The comparables have improvement assessments ranging from \$34,762 to \$38,584 or from \$6.49 to \$7.20 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,004. The subject property has an improvement assessment of \$43,838 or \$8.73 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood as the subject. The comparables are improved with class 2-11, 2-story multi-family buildings of masonry exterior construction ranging in size from 3,795 to 4,711 square feet of gross building area. The buildings are 94 or 95 years old. Each comparable has a full basement and 5 or 6 full bathrooms. Three comparables each have a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$38,048 to \$45,330 or from \$9.56 to \$10.03 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables along with the board of review's comparables #2 and #4 which are less similar to the subject in age and/or building size than the other comparables in the record. Further, the appellant's comparable #3 lacks a basement foundation, which the subject features.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3 which are overall most similar to the subject in location, design/class, age, and building size with varying degrees of similarity to the subject in bathroom count, garage amenity, and other features. The two best comparables have improvement assessments of \$44,553 and \$45,330 or \$9.62 and \$9.90 per square foot of gross building area. The subject's improvement assessment of \$43,838 or \$8.73 per square foot of gross building area falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
