

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bobby Roberts  
DOCKET NO.: 23-45176.001-R-1  
PARCEL NO.: 15-15-429-025-0000

The parties of record before the Property Tax Appeal Board are Bobby Roberts, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,814  
**IMPR.:** \$18,186  
**TOTAL:** \$21,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 1,269 square feet of living area. The dwelling is approximately 54 years old. The home features a basement and 1½ bathrooms. The property has a 4,690 square foot site and is located in Maywood, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located from .1 of a mile to 1.2 miles from the subject property. The comparables are class 2-03 properties that are improved with one-story dwellings of masonry exterior construction ranging in size from 1,083 to 1,289 square feet of living area. The dwellings are from 58 to 103 years

old. The comparables each have a basement and either 1, 1½ or 2 bathrooms. The comparables have improvement assessments that range from \$14,025 to \$16,784 or from \$12.33 to \$13.02 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$16,167 or \$12.74 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,000. The subject property has an improvement assessment of \$18,186 or \$14.33 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject property and are located within approximately ¼ of a mile from the subject property. The comparables are class 2-03 properties that are improved with one-story dwellings of masonry exterior construction ranging in size from 1,021 to 1,226 square feet of living area. The dwellings are from 58 to 63 years old. The comparables each have a basement, two of which have finished area. One comparable has central air conditioning and one comparable has a fireplace. Each comparable has 1, 1½ or 2½ bathrooms and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$19,220 to \$20,220 or from \$15.68 to \$19.80 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's four comparables due to their older dwelling ages and/or their distant locations from the subject being a mile away.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are overall more similar to the subject in location, dwelling size, design and age. However, the Board finds all four comparables have varying degrees of similarity when compared to the subject in other features, suggesting adjustments for these differences would be required to make them more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$19,220 to \$20,220 or from \$15.68 to \$19.80 per square foot of living area. The subject's improvement assessment of \$18,186 or \$14.33 per square foot of living area falls below the range established by the best comparables in

the record, which appears to be logical given the subject's inferior features. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
