

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wojciech Galuszka  
DOCKET NO.: 23-45201.001-R-1 through 23-45201.003-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Wojciech Galuszka, the appellant(s), by attorney Scott Shudnow, of Shudnow & Shudnow, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
23-45201.001-R-1	18-03-322-013-0000	2,284	30,000	\$32,284
23-45201.002-R-1	18-03-322-014-0000	2,284	18,292	\$20,576
23-45201.003-R-1	18-03-322-056-0000	1,140	0	\$1,140

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of three parcels of land totaling 6,300 square feet parcel of land improved with a 38-year-old, two-story, masonry, multi-family dwelling. The property is located in Brookfield, Lyons Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal which estimated the subject's market value as of January 1, 2023, of \$540,000. The appraiser inspected the subject on November 5, 2023. The appraiser utilized the income and sales comparison approaches to value to estimate the subject's market value.

Under the income approach, the appraiser reviewed the subject's rent schedule and estimated a gross monthly rent of \$6,550. He then applied an 82.44 gross rent multiplier to arrive at a value for the subject under the income approach of \$539,982.

Under the sales comparison approach, the appraiser analyzed three sales in arriving at the estimate of value. The sales properties are described as two-story, multi-family dwellings ranging in size from 3,394 to 4,408 square feet of building area. They sold for prices ranging from \$122.50 to \$157.63 per square foot. After making adjustments for pertinent factors, the appraiser opined a value for the subject under the sales comparison approach of \$540,000. The petition discloses the subject is an owner-occupied residence.

In reconciliation, the appraiser emphasized the sales comparison approach to arrive at an estimate of value for the subject as of January 1, 2023 of \$540,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the assessment for one parcel. The subject's total assessment is \$64,138 which reflects a market value of \$641,380 using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the current assessment, the board of review submitted four sales comparables. These comparables are described as two-story, masonry, multi-family dwellings. They range in age from 47 to 52 years and in size from 3,840 to 4,233 square feet of building area. They sold from February 2022 to January 2023 for prices ranging from \$160.18 to \$183.67 per square feet of building area.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The appellant's appraiser utilized the income and sales comparison approaches to value in determining the subject's market value. The current assessment reflects a market value above this value. The Board finds this appraisal to be persuasive because the appraisal discloses that the appraiser inspected the subject, reviewed the property's history, and used similar properties in the sales comparison approach. Therefore, the Board finds the subject property's market value of \$540,000 as of the assessment date at issue. Since market value has been established the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
