

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Walsh
DOCKET NO.: 23-45364.001-R-1
PARCEL NO.: 14-31-410-022-0000

The parties of record before the Property Tax Appeal Board are James Walsh, the appellant(s), by attorney Nora Devine, of The Devine Law Group, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,000
IMPR.: \$71,500
TOTAL: \$92,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 26-year-old, two-story dwelling of masonry construction with 2,436 square feet of living area. Features of the building include a full basement, central air conditioning, and a two-car garage. The property has a 3,000 square foot site located in Chicago, West Chicago Township, Cook County. The property is a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance. The appellant discloses that the subject was owner-occupied during the lien year.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the overvaluation argument, the appellant submitted an appraisal estimating the subject property had a market value of \$925,000 as of January 1, 2021. The appraisal was prepared by Greg S. Fisher, Mitchell J. Perlow, and Harry M. Fishman of Property Valuation Services, licensed certified residential real estate appraisers. The appraisers relied on the sales

comparison approach in their evaluation. For the sales comparison approach, the appraisers used sales of three comparable properties in Chicago, IL that took place between February 2020 and April 2021 for amounts ranging from \$870,000 to \$975,000, or from \$345.96 to \$385.38 per square foot of living area, land included in the sales prices. The appraiser adjusted the sales prices to account for differences between the subject and the comparables. Photographs of the subject dwelling's exterior and interior were included with the appraisal.

In support of the lack of equity argument, the appellant submitted information on nine suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as masonry construction dwellings. They range in age from 17 to 31 years; in size from 2,090 to 2,746 square feet of living area; and an improvement assessment of \$24.59 to \$30.75 per square foot of living area. The properties have zero to three-car garages. The properties are located within a .88-mile radius of the subject property. The appellant requested the subject's total assessment be reduced to \$92,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$113,568. The subject property has an improvement assessment of \$92,568 or \$38.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as frame or masonry construction, one- to three-story dwellings. They range in age from one to 131 years; in size from 600 to 2,686 square feet of living area; and an improvement assessment ranging from \$41.35 to \$67.00 per square foot of living area. These properties have full basements and 1.5- or two-car garages. The properties are located within the same subarea as the subject property. The board of review requested that the assessment be confirmed.

In rebuttal, the appellant submitted the Multiple Listing Service (MLS) data sheets for all of the board of review's suggested comparables and pointed out characteristic differences to the subject. The appellant reaffirmed its position that the 2023 assessed value for the subject property is excessive and that the total assessment should be reduced.

On December 18, 2025, both parties agreed to waive the hearing and have the Board render its decision based on the evidence.

Conclusion of Law

The Property Tax Appeal Board finds that the assessment as established by the Board for the 2021 tax year should be carried forward to the tax year at issue subject only to equalization as provided by section 16-185 of the Property Tax Code.

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) states in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash

value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review. 35 ILCS 200/16-185.

Additionally, section 10-15 of the Illinois Administrative Procedure Act states: "Standard of proof. Unless otherwise provided by law or stated in the agency's rules, the standard of proof in any contested case hearing conducted under this Act by an agency shall be the preponderance of the evidence." 5 ILCS 100/10-15. The Board takes official notice that under 21-33231.001-R-1, it rendered a decision lowering the subject's assessment for tax year 2021 (86 Ill.Admin.Code §1910.90(i)), and that tax year 2021 and the instant tax year of 2023 are in the same general assessment period for West Chicago Township. The Board further finds that the subject is owner-occupied based on the appellant's statement in Section II of the 2023 appeal form, which states that the subject is owner-occupied. The record contains no evidence indicating that the subject sold in an arm's-length transaction subsequent to the Board's decision for the 2021 tax year, or that the Board's decision for the 2021 tax year was reversed or modified upon review. For these reasons the Board finds that a reduction in the subject's assessment is warranted to reflect the assessment as established in the Board's 2021 tax year decision, plus the application of an equalization factor, if any.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
