

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anil Mahajan
DOCKET NO.: 23-45366.001-R-1
PARCEL NO.: 31-02-309-034-0000

The parties of record before the Property Tax Appeal Board are Anil Mahajan, the appellant(s), by attorney Anne E. Edelman-Larsen, of the Law Offices of Frank A. Edelman, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,995
IMPR.: \$18,005
TOTAL: \$20,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant filed a timely appeal from a decision of the Cook County Board of Review pursuant to Section 16-160 of the Property Tax Code (*35 ILCS 200/16-160*) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 29-year-old, two-story, building of frame exterior construction containing 1,704 square feet of gross building area. Features of the subject include a partial unfinished basement central air conditioning, one fireplace(s), and a two-car garage. The property is situated on 5,320 square feet in Rich Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement that disclosed the subject property was purchased from The Secretary of Housing & Urban Development 137-753222 CASH (HUD) on February 17, 2021, for \$133,555. The subject's sale price reflects a market value of \$78.38 per square foot of gross

building area including land. The appellant also submitted a partially executed Special Warranty Deed and a two-page property description from RedFin. The appellant included information in Section IV–Recent Sale Data of the Residential Appeal that the subject was not sold as a transfer between related parties; was advertised and sold through a realtor; was not sold in settlement of a foreclosure. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$12,562.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,000. The subject's assessment reflects a market value of \$200,000, or \$117.37 per square foot of gross building area, when using the 2023 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales that sold from 2020 through 2023.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. *86 Ill.Admin.Code §1910.63(e)*. Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. *86 Ill.Admin.Code §1910.65(c)*. The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in February 2021 for \$133,555 is a "compulsory sale." The sale was two years prior to the 2023 lien year. The Special Warranty Deed warrants only that the seller, HUD, did not encumber the subject property. The Deed does not warrant whether prior encumbrances existed. The seller was HUD, an agency of the U.S. Government. A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is

ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 2011 IL App (2d) 100068, ¶36 (2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

The Board may consider market value evidence, such as sales of comparable properties submitted by the parties, to determine whether the subject was sold at fair cash value. 86 Ill.Admin.Code §1910.65(c)(4); See, *Calumet Transfer LLC v. Illinois Property Tax Appeal Board, 401 Ill.App.3d 652 (1st Dist. 2010).*

The appellant did not submit additional evidence of whether the sale was at arm's-length for fair cash value. The board of review submitted sale comparables that contained property characteristics similar with the subject. Comparables #1, #2 and #4 are most similar with the subject and sold from 2020 through lien year 2023 for prices ranging from \$133.33 to \$146.39 per square foot of gross building area including land. The subject's assessment reflects a market value of \$117.37 per square foot of gross building area including land, which is below the range established by the best comparable sales in this record. The subject's sale price of \$133,555, or \$78.38 per square foot of gross building area including land is below the range established by the market data.

In determining the fair cash value of the subject property and all relevant factors, the Board finds that the appellant did not submit enough evidence to show the subject was overvalued. Therefore, the Board finds that the appellant has not met its burden by a preponderance of the evidence and that the subject does not warrant a reduction based upon the market data submitted into evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
