

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

PELLANT: John Kummerer
DOCKET NO.: 23-45524.001-R-1
PARCEL NO.: 28-23-209-031-0000

The parties of record before the Property Tax Appeal Board are John Kummerer, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,795
IMPR.: \$4,315
TOTAL: \$6,110

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,020 square feet of living area. The dwelling is approximately 69 years old. Features include a slab foundation and a 2-car garage. The property has a 7,980 square foot site and is located in Markham, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,020 to 1,125 square feet of living area. The dwellings range in age from 68 to 78 years old. Two comparables each have a slab or crawl space foundation and one comparable has a partial

basement. Each comparable has 2 fireplaces and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$4,151 to \$5,000 or from \$4.07 to \$4.44 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$4,315 or \$4.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,548. The subject property has an improvement assessment of \$7,753 or \$7.60 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables located in the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction with either 1,020 or 1,060 square feet of living area. The dwellings are either 69 or 72 years old. Each comparable has a slab foundation and central air conditioning. One comparable has a 1-car garage. The comparables have improvement assessments of either \$8,161 or \$9,204 or ranging from \$8.00 to \$9.02 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review comparables due to differences when compared to the subject in design, dwelling size, foundation type, central air conditioning, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 which are overall more similar to the subject in location, design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$4,151 and \$4,492 or \$4.07 and \$4.19 per square foot of living area, respectively. The subject property's improvement assessment of \$7,753 or \$7.60 per square foot of living falls above the two best comparables in this record. and appears to be excessive After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
