

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Partyka
DOCKET NO.: 23-45533.001-R-1
PARCEL NO.: 28-23-401-031-0000

The parties of record before the Property Tax Appeal Board are Maria Partyka, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,348
IMPR.: \$6,651
TOTAL: \$9,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,020 square feet of living area. The dwelling is approximately 69 years old. Features include a slab foundation. The property has a 14,881 square foot site and is located in Markham, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the subject's assessment neighborhood and within 0.38 of a mile from the subject property. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,072 to 1,257 square feet of living area. The dwellings range in age from 69 to 78 years old. Two comparables each have a crawl space

foundation and one comparable has a partial basement. One comparable has central air conditioning. Each comparable has from a 1-car to a 3-car garage. The comparables have improvement assessments ranging from \$4,492 to \$5,500 or from \$4.19 to \$4.44 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,999. The subject property has an improvement assessment of \$6,651 or \$6.52 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables located in the subject's assessment neighborhood and on the same block as the subject property. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,020 to 1,139 square feet of living area. The dwellings are each 69 years old. Each comparable has a slab foundation. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$8,656 to \$10,204 or from \$8.17 to \$9.02 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #2 which feature garages, unlike the subject. Further, the appellant's comparable #2 has a 1.5-story design, in contrast to the subject's 1-story design, and also has central air conditioning, unlike the subject, and the appellant's comparable #3 has a basement foundation, which the subject lacks.

The Board finds the best evidence of assessment equity to board of review comparables #1 and #3 which are overall most similar to the subject in location, design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$8,656 and \$10,204 or \$8.17 and \$8.96 per square foot of living area, respectively. The subject property's improvement assessment of \$6,651 or \$6.52 per square foot of living falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
