

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Standard Bank & Trust Co. Tr. #21498
DOCKET NO.: 23-45894.001-R-1
PARCEL NO.: 18-19-201-001-0000

The parties of record before the Property Tax Appeal Board are Standard Bank & Trust Co. Tr. #21498, the appellant(s), by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,668
IMPR.: \$73,140
TOTAL: \$88,808

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 4,109 square feet of living area. The dwelling is approximately seven years old. Features of the home include a full basement, central air conditioning, two fireplaces and a three and a half-car garage. The property is in Indian Head Park, Lyons Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables. The appellant comparables are all two story of frame or masonry material. They each have full basements, central air conditioning, one fireplace and two or three bathrooms. The size of garages for each appellant comparable range from two to three and a half cars. They range in size from 3,888 to 4,496 square feet of living area; and in improvement assessment from \$44,500 to \$52,885 or

\$10.20 to \$14.28 per square foot of living area. The record is silent as to the distance from the appellant comparables to the subject property. The appellant is seeking a reduction in total assessment to \$62,387.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,808. The subject property has an improvement assessment of \$73,140 or \$17.80 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. They each are two story of masonry, stucco or frame and masonry construction. They all feature central air conditioning and at least one fireplace. They vary in number of bathrooms, bedrooms and garage space. They range in size from 3,821 to 3,926 square feet of living area; and in improvement assessment from \$61,938 to \$74,783 or \$16.21 to \$19.35 per square foot of living area. Three of the board comparables are on the same block as the subject property, the fourth is within a quarter mile. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables one, two and three*. These comparables had improvement assessments that ranged from \$18.50 to \$19.35 per square foot of living area. The subject's improvement assessment of \$17.80 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
