

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Prajesh Shah
DOCKET NO.: 23-46959.001-R-1
PARCEL NO.: 03-15-206-022-0000

The parties of record before the Property Tax Appeal Board are Prajesh Shah, the appellant(s), by attorney Max E. Callahan, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,250
IMPR.: \$22,429
TOTAL: \$29,679

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level single-family dwelling of frame and masonry construction with 1,466 square feet of living area. The dwelling was approximately 28 years old. Features of the home include a partial basement, central air conditioning, and a two-car garage. The property has a 6,591 square foot site and is located in Wheeling, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on September 5, 2019, for a price of \$215,500 or \$147.00 per square foot of living area, land included in the sales price. Appellant submitted Section IV- Recent Sale Data of the Residential Appeal form asserting that the sale was not between family members or related corporations, was sold by owner, was not

advertised for sale, and was not sold due to a foreclosure action or by using a contract for deed. The appellant submitted a settlement statement which indicates that the property was sold to the BPSZ Real Estate Enterprise LLC. Appellant submitted a warranty deed and legal description of the property. Appellant disclosed that this is not an owner-occupied residence. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,679. The subject's assessment reflects a market value of \$296,790 or \$202.45 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales which took place from November 2020 to July 2022 for sales prices from \$375,000 to \$415,000 or from \$234.38 to \$290.41 per square foot of living area, land included in the sales prices. These properties were located in the same subarea as the subject. The properties were from 55 to 63 years old and had from 1,429 to 1,600 square feet of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the four comparable sales submitted by the board of review. These comparables were similar to the subject in size, style, construction, features, and age. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$234.38 to \$290.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$202.45 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. The Board gave little weight to the subject's sale due to the fact the sale did not have the elements of an arm's length transaction as it was not advertised or exposed on the open market. Further, the sale of the subject property took place too remote in time from the lien date of the instant appeal to be considered sufficient proof of market value. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
