

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cerberus SFR Holdings, LP
DOCKET NO.: 23-47297.001-R-1
PARCEL NO.: 19-26-414-034-0000

The parties of record before the Property Tax Appeal Board are Cerberus SFR Holdings, LP, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,000
IMPR.: \$13,500
TOTAL: \$16,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 984 square feet of living area. The dwelling is approximately 66 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1-story, class 2-02 dwellings of masonry or frame and masonry exterior construction with either 994 or 999 square feet of living area. The homes are each 72 years old. Five comparables each have a crawl space foundation and one comparable has a slab foundation.

Two comparables each have central air conditioning. Each comparable has from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$6,472 to \$7,472 or from \$6.51 to \$7.48 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,500. The subject property has an improvement assessment of \$13,500 or \$13.72 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables with the same assessment neighborhood code as the subject and located either on the same block and street or ¼ of a mile from the subject. The comparables are each improved with 1-story, class 2-02 dwellings of masonry exterior construction ranging in size from 840 to 1,032 square feet of living area. The homes range in age from 65 to 67 years old. Each comparable has a full basement with finished area, central air conditioning, and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$14,000 to \$17,000 or from \$15.63 to \$16.67 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which each lack a basement foundation, which is a feature of the subject. The Board also gives less weight to board of review comparable #2 which is a substantially smaller home than the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #3 which are overall more similar to the subject in location, design/class, age, dwelling size, and most features. The comparables have improvement assessments of \$15,000 and \$17,000 or \$15.63 and \$16.47 per square foot of living area. The subject's improvement assessment of \$13,500 or \$13.72 per square foot of living area falls below the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
