

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joanna Pieniazek
DOCKET NO.: 23-47738.001-R-1
PARCEL NO.: 13-08-412-013-0000

The parties of record before the Property Tax Appeal Board are Joanna Pieniazek, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,915
IMPR.: \$23,484
TOTAL: \$33,399

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,546 square feet of living area. The dwelling is approximately 73 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 3,966 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-03 dwellings of masonry exterior construction ranging in size from 1,373 to 1,785 square feet of living area. The dwellings range in age from 69 to 103 years old. Each comparable has a full basement and a 1.5-car or a 2-car garage. The comparables have

improvement assessments ranging from \$16,848 to \$23,700 or from \$11.97 to \$13.50 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$18,505.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,399. The subject property has an improvement assessment of \$23,484 or \$15.19 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,120 to 1,553 square feet of living area. The dwellings range in range from 70 to 105 years old. Each comparable has a full basement and a 2-car garage. Three comparables each have central air conditioning. Comparable #2 has a fireplace. The comparables have improvement assessments ranging from \$17,050 to \$25,700 or ranging from \$15.22 to \$16.55 per square foot of living area. The board of review asserts the assessed values per square foot for the submitted comparables support the subject's 2023 assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #4 and #5, as well as board of review comparables #1, #2, and #3, which are less similar to the subject in age and/or dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant comparables #1, #2, and #3, as well as board of review comparable #4, which are overall more similar to the subject in location, classification, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$16,848 to \$24,700 or from \$11.97 to \$16.33 per square foot of living area. The subject property's improvement assessment of \$23,484 or \$15.19 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
