

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Fiscella
DOCKET NO.: 23-47770.001-R-1
PARCEL NO.: 18-07-203-024-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Michael Fiscella, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$9,257
IMPR.: \$121,278
TOTAL: \$130,535

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

A 3,617 square feet, multi-level frame building on a 10,285 square feet parcel in Western Springs, Lyons Township, Cook County comprises the subject property. The eight-year-old, class 2-78 residence per the Cook County Real Property Assessment Classification Ordinance featured 3.5 bathrooms, air conditioning, a two-car garage, and a partial basement.

The appellant pleads assessment inequity as the basis of the appeal, arguing that the subject improvement assessment must be reduced to \$28.09 per living square foot. As evidence of subject assessment nonuniformity, the appellant presented six class 2-78 properties within 1.31 miles of the subject. These suggested comparables included 2.5 to 4.5 bathrooms, a full basement, air conditioning, and a two- to three-car garage. The appellant's improvements also spanned six to 15 years in building age; 3,222 to 3,631 square feet in area; and \$23.89 to \$30.31 per living square foot in assessment.

The board of review countered that the subject improvement assessment of \$121,279, or \$33.53 per living square foot, was equitable in its “Notes on Appeal.” In defense of the \$130,535 total subject assessment, the county board of review proposed four frame improvements in the subject’s subarea as assessment comparables. The county board of review’s preferred comparators included 3.5 or 5.5 bathrooms, a full basement, and a two-car garage. These properties were five to 22 years in building age; 3,102 to 3,791 in living square footage; and \$33.96 to \$36.49 per square foot in improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment is the basis of a property tax appeal, appellants must prove the inequity of the assessments by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should comprise assessment documentation for the year in question of similarly situated properties with compelling proximity to, and a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant did not surmount this burden of proof.

As the only properties within 174 square feet of the subject improvement area, board of review comparables #3 and #4 and appellant comparable #1 circumscribe the range of equitable assessments for the subject improvement. Both board of review comparables #3 and #4 exceeded the subject improvement size by 174 feet and had a better basement and two more bathrooms, placing them at the top of the equitable assessment range. Appellant comparable #1 was marginally larger than the subject with a better basement and generally mirrored the subject’s attributes. Given these comparators, the subject improvement would be equitably assessed from \$23.89 to \$34.63 per living square foot. Because the subject’s \$33.53 per improvement square foot assessment lands within the comparators’ range, PTAB finds the appellant did not provide sufficiently clear and convincing evidence that the subject assessment was inequitable or that a reduction thereof is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
