

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Renee Martinez
DOCKET NO.: 23-47833.001-R-1
PARCEL NO.: 13-23-231-035-0000

The parties of record before the Property Tax Appeal Board are Renee Martinez, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,230
IMPR.: \$28,430
TOTAL: \$41,660

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,961 square feet of living area. The dwelling is approximately 99 years old. Features of the home include a full basement¹ and a 2-car garage. The property has a 3,780 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.16 of a mile to 1.16 miles from the subject. The comparables consist of class 2-05 dwellings of frame exterior construction ranging in size from 1,656 to 2,008 square feet of living area. The homes are from 101 to 114

¹ The board of review disclosed the subject's basement has a finished area, which was unrefuted by the appellant.

years old. Each comparable has a partial or a full basement and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$23,996 to \$28,473 or from \$14.09 to \$15.08 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$27,630 or \$14.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$44,586. The subject property has an improvement assessment of \$31,356 or \$15.99 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject. The comparables consist of class 2-05, 2-story dwellings of frame exterior construction ranging in size from 1,767 to 2,148 square feet of living area. The homes are 108 to 122 years old. Each comparable has a full basement with one having finished area, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$34,770 to \$49,980 or from \$19.21 to \$25.87 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 due to differences from the subject in their dwelling sizes and/or the appellant's comparable #3 more distant proximity of over a mile from the subject. The Board gives less weight to the board of review's comparables which have central air conditioning, unlike the subject dwelling, and the older age of board of review's comparable #1 when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #5 which are similar to the subject in design, age, dwelling size, location and most features. These three comparables have improvement assessments ranging from \$27,868 to \$28,473 or from \$14.09 to \$15.08 per square foot of living area. The subject's improvement assessment of \$31,356 or \$15.99 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the best comparables for differences in features from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
