

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Mendoza
DOCKET NO.: 23-47834.001-R-1
PARCEL NO.: 13-23-212-012-0000

The parties of record before the Property Tax Appeal Board are Maria Mendoza, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,275
IMPR.: \$27,000
TOTAL: \$43,275

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,544 square feet of gross building area. The building is approximately 98 years old. Features include a full basement, 2 full bathrooms, and a 2.5-car garage. The property has a 4,650 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and within 0.21 of a mile from the subject. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,706 to 2,904 square feet of gross building

area. The buildings are from 100 to 104 years old. Four comparables each have a partial or full basement, and one comparable has a slab foundation. Each comparable has 2 or 3 full bathrooms and from a 1-car to a 2-car garage. Comparable #3 has 1 half bathroom. The comparables have improvement assessments ranging from \$25,112 to \$29,329 or from \$8.65 to \$10.50 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,484. The subject property has an improvement assessment of \$35,209 or \$13.84 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately $\frac{1}{4}$ of a mile from the subject. The comparables are improved with a class 2-05 dwelling or class 2-11 multi-family buildings of masonry or frame and masonry exterior construction ranging in size from 2,144 to 2,438 square feet of gross building/living area. The comparables are from 98 to 107 years old. Three comparables each have a full basement, and one comparable has a slab foundation. Each comparable has 2 or 3 full bathrooms, one comparable has central air conditioning, and three comparables have either a 1-car or 2-car garage. Comparable #3 has 2 half bathrooms. The comparables have improvement assessments ranging from \$27,113 to \$41,725 or from \$11.25 to \$19.46 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 along with the board of review's comparable #3 due to differences in their classification, size, and/or foundation type when compared to the subject. The Board also gives less weight to the board of review's comparable #1 which lacks a garage, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are class 2-11 buildings similar to the subject in location, design, age, size, foundation type and most features. These four comparables have improvement assessments ranging from \$28,413 to \$30,770 or from \$10.41 to \$12.62 per square foot of gross building area. The subject's improvement assessment of \$35,209 or \$13.84 per square foot of gross building area falls above the range established by the best comparables in this record. After considering

adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
