

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edmundo Agudo
DOCKET NO.: 23-47849.001-R-1
PARCEL NO.: 13-28-106-022-0000

The parties of record before the Property Tax Appeal Board are Edmundo Agudo, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,625
IMPR.: \$17,375
TOTAL: \$23,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,482 square feet of living area. The dwelling is approximately 98 years old. Features of the home include a basement and central air conditioning.¹ The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables, one of which is located within the same assessment neighborhood as the subject. The comparables are located from 0.45 of a mile to 1 mile from the subject. The comparables

¹ The Board finds the subject dwelling has central air conditioning according to Section III of the appellant's appeal petition and the board of review's grid analysis.

consist of class 2-03 dwellings of frame exterior construction ranging in size from 1,598 to 1,700 square feet of living area. The homes are from 102 to 115 years old. One comparable has a crawl space foundation, and four comparables each have a basement. Three comparables have either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$12,199 to \$14,420 or from \$7.61 to \$8.87 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$11,278 or \$7.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,000. The subject property has an improvement assessment of \$17,375 or \$11.72 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the subject's block or approximately ¼ of a mile from the subject. The comparables consist of 1.5-story class 2-03 dwellings of frame exterior construction ranging in size from 1,162 to 1,476 square feet of living area. The homes are from 94 to 117 years old. Each comparable has a basement, and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$14,375 to \$23,375 or from \$11.77 to \$17.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1, #2, #3 and #5 which are located in a different assessment neighborhood than the subject and from 0.85 of a mile or more away from the subject property. Moreover, the appellant's comparable #1 has a different foundation type than the subject. The Board also gives less weight to the appellant's comparable #4 and the board of review's comparable #2 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #3 and #4 which are overall most similar to the subject in location, design, age, dwelling size and foundation type. However, each of these comparables has a garage, unlike the subject, suggesting downward adjustments would be appropriate to make them more equivalent to the subject. These three comparables have improvement assessments ranging from \$16,375 to \$23,375 or from \$11.77 to \$17.33 per square foot of living area. The subject's improvement

assessment of \$17,375 or \$11.72 per square foot of living area falls within the range established by the best comparables in this record on an overall basis and below on a per-square-foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
