

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Piotr Grzywacz
DOCKET NO.: 23-47861.001-R-1
PARCEL NO.: 13-29-105-053-0000

The parties of record before the Property Tax Appeal Board are Piotr Grzywacz, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,450
IMPR.: \$16,377
TOTAL: \$25,827

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 976 square feet of living area. The dwelling is approximately 80 years old. Features of the home include a basement and a 2-car garage. The property has a 3,780 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.29 of a mile to 1.88 miles from the subject property. The comparables consist of class 2-02 dwellings of masonry exterior construction ranging in size from 828 or 926 square feet of living area. The dwellings are from 62 to 100 years old. Each comparable has a basement and either a 2-car or a 2.5-car garage. The

comparables have improvement assessments that range from \$10,995 to \$12,169 or from \$13.14 to \$13.39 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$25,827. The subject property has an improvement assessment of \$16,377 or \$16.78 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately $\frac{1}{4}$ of a mile from the subject. The comparables consist of class 2-02, 1-story dwellings of masonry exterior construction ranging in size from 942 to 990 square feet of living area. The dwellings are from 66 to 94 years old. Each comparable has a basement and either a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$16,920 to \$19,550 or from \$17.27 to \$19.75 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables as well as the board of review's comparables #2 and #3 which differ from the subject dwelling in age and/or more distant locations from 1.21 to 1.88 miles away from the subject property.

The Board finds the best evidence of the board of review's comparables #1 and #4 which are overall most similar to the subject in location, design, age, dwelling size and most features. These two comparables have improvement assessments of \$16,920 and \$18,390 or \$17.27 and \$19.52 per square foot of living area, respectively. The subject's improvement assessment of \$16,377 or \$16.78 per square foot of living falls below the two best comparables in the record. After considering adjustments to the two best comparables for differences in features when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
