

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrzej Lenard
DOCKET NO.: 23-47865.001-R-1
PARCEL NO.: 13-30-222-035-0000

The parties of record before the Property Tax Appeal Board are Andrzej Lenard, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,375
IMPR.: \$12,625
TOTAL: \$22,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,238 square feet of living area. The dwelling is approximately 70 years old. Features of the home include a slab foundation and a 1.5-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and from 0.52 to 0.90 of a mile from the subject. The comparables consist of class 2-03 dwellings of masonry exterior construction containing 1,290 or 1,462 square feet of living area. The homes are each 95 years old. Two comparables each have a slab foundation. Three comparables each have a basement

foundation and a 2-car garage. The comparables have improvement assessments ranging from \$8,003 to \$10,960 or from \$6.13 to \$7.50 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$7,588 or \$6.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,000. The subject property has an improvement assessment of \$12,625 or \$10.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject. The comparables consist of class 2-03 dwellings of masonry exterior construction ranging in size from 1,207 to 1,338 square feet of living area. The homes are from 71 to 80 years old. Each comparable has a basement and a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$13,625 to \$19,622 or from \$11.29 to \$15.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board, which have varying degrees of similarity to the subject in age, dwelling size, foundation type and other features. Nevertheless, the Board gives less weight to the appellant's comparables which are less similar to the subject in location, age and/or dwelling size than the board of review's comparables. Moreover, the appellant's comparables #1 and #2 also lack a garage, which is a feature of the subject. The Board also gives less weight to the board of review's comparable #3 which has central air conditioning, unlike the subject.

The Board gives greater to the board of review's comparables which are relatively similar to the subject in location, age, dwelling size and most features, except each comparable requires a downward adjustment for a basement foundation to make them more equivalent to the subject that has a slab foundation. These three comparables have improvement assessments ranging from \$13,625 to \$19,622 or from \$11.29 to \$15.80 per square foot of living area. The subject's improvement assessment of \$12,625 or \$10.20 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, such as their basement foundations, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
